

# JDCHR Round Tassie Tour - Easter 2009

DAY 8 THURSDAY 9TH APRIL  
STRATHGORDON TO HOBART

Leyland, Helen, Garry and Rhonda went on ahead of us to New Norfolk to get Leyland's tyres repaired and we were to meet later.

The rest of us went on a drive to the Gordon Power Station and Dam and spent some time looking before driving off at 9.10am.

Robynne thought she left her glasses back at the Chalet so as we drove past they called in but Steve found them in a bag so all's well again for our trip back to Westerway for morning tea.

We then drove up to Hamilton which a pretty drive was seeing where they harvest the hops on the way.

That pom pom always caught plenty of air

Lunch @ Bothwell

We arrived at Bothwell where we had lunch and a good rest and the others met us before we left so we were back to 8 cars again. We were back on the road again to Berridale where we were stopping for the Rally.

Our cabins in Hobart

We arrived Hobart Treasure Island Caravan & Cabin Park at 2.25pm and settled in the cabins. Steve and Robynne went to get their windscreen fixed and some of us went shopping before retiring for the night
