

JDCHR Round Tassie Tour - Easter 2009

Day 16 Friday 17th April

Launceston Sightseeing

This was a free day to do whatever we wanted. Graeme and I drove Steve and Robynne to the Cataract Gorge, we took the chairlift while they walked across then we went separate ways. Robynne and Steve walked back into town from the Gorge. We walked on to see the gorge and Kings Bridge then caught the chairlift back.

We then drove to the National Automobile Museum and saw Ian and Leyland walking from it. While going through we met up with Garry and Rhonda then Steve at the end.

We then walked up the street to the mall where we had lunch and a look around before returning to the park where we left the car and headed back to the cabins.
