

JDCHR Round Tassie Tour - Easter 2009

Day 17 Saturday 18th April

Launceston to Ross

Leaving the cabin only to be almost hit by a fellow in a blue car who was not looking and the passenger had the hide to glare at us wondering what to do. We had Leyland and Helen as our passengers for the day and they were not impressed either. We had to start Ian's car as it didn't want to go. By then it was 8.35 and we were heading to Longford to see where the race track use to be but of course we had no idea so we went on the Campbell Town for morning tea. A great little place with the 3rd oldest bridge on the way out so we stopped to get photos. The weather was perfect and we headed to Ross where we arrived at 11.35. After a good walk around the town which is very old and another very old bridge we had lunch in a little cafe.

Relaxing @ Ross

After lunch we then drove out on the highway passed the Symmons Plains Motor Race track onto Evandale for an ice cream stop and walk around then we left going past the Airport back to the cabins arriving at 2.50pm . The boys then got busy washing the cars again for the trip with the Jaguar Car Club of Tasmania on Sunday

Ice creams @ Evandale
